

VIRGINIA MEDICAL LAW REPORT

You will reach almost **13,500** people in the health care field in Virginia when you place your message in the Virginia Medical Law Report.

This bi-monthly newspaper is direct-mailed to physicians, risk managers, hospital administrators and med-mal defense lawyers in Virginia. There is no other source for medical/legal news and information like it in Virginia.

Each article includes timely articles, such as:

- Reports on med-mal verdicts and settlements across the commonwealth
- News and feature articles in areas of interest for physicians and healthcare providers, including noncompete agreements, medical staff privileges and pharmaceutical products liability
- Regular columns on risk management issues for medical professionals
- Updates on HIPAA, Medicare, and other federal and state regulations
- Case stories – written in a clear, easy-to-digest manner – on decisions affecting the medical profession
- Tips from business lawyers and consultants on medical practice management
- Estate and wealth planning advice from attorneys familiar with the industry
- Articles about the court process and how to testify as an expert witness
- Articles contributed from members of the medical-legal profession on practice tips, substantive law and career development
